Report on COVID-19 Vaccination Camp at Kalinagar Mahavidyalaya

Date: October 4, 2021

Organizer: Kalinagar Mahavidyalaya

Initiative in Response to the Government of West Bengal: In response to the initiative taken by the Government of West Bengal to accelerate the COVID-19 vaccination drive, Kalinagar Mahavidyalaya organized a vaccination camp on October 4, 2021. The camp aimed to contribute to the ongoing efforts to achieve widespread vaccination coverage and combat the spread of the virus.

Collaboration with Block Health Centre, Ghoshpur: The successful execution of the vaccination camp was made possible through collaboration with the Block Health Centre in Ghoshpur. This partnership ensured the availability of trained healthcare professionals, necessary medical supplies, and a streamlined vaccination process.

Vaccination Details: A total of 159 students from Kalinagar Mahavidyalaya were administered the COVID-19 vaccine during the camp. The vaccination included both Covishield and Covaxin, providing the students with the opportunity to choose the vaccine that best suited their preferences and needs.

Camp Execution: The vaccination camp was held on the premises of Kalinagar Mahavidyalaya. Adequate arrangements were made to

ensure the smooth flow of participants, with designated areas for registration, vaccination, and post-vaccination observation. All COVID-19 safety protocols, including social distancing and sanitization, were strictly adhered to during the entire process.

Impact and Community Response: The vaccination camp received a positive response from the student community, demonstrating their commitment to collective health and well-being.

Conclusion: The COVID-19 vaccination camp organized by Kalinagar Mahavidyalaya on October, 2021, was a commendable effort in contributing to the larger public health initiative led by the Government of West Bengal. The collaboration with the Block Health Centre in Ghoshpur facilitated the seamless execution of the camp, ensuring that a significant number of students were vaccinated, thereby enhancing the overall resilience against the COVID-19 virus.
