A Glimpse of Teachers' Day Celebration

Kalinagar Mahavidyalaya Prospectus 2019

Swami Vivekananda once opined that "Truth can be stated in the thousand different ways, yet each one can be true". In fact education of a person can help him discover that truth.

The noble task of imparting this education that enables formation of a sound character, increases the strength of mind and intellect is being performed since the last 34 years by Kalinagar Mahavidyalaya.

Our prospectus thus unfurls gradually the story of our achievements and failures down the memory lane in the backdrop of its adverse natural setting.

A message for my new students

"Take risks in your life.
If you win, you can lead,
If you lose, you can guide."

Teacher-in-Charge

ABOUT THE COLLEGE

Kalinagar Mahavidyalaya was founded in 1985 on the first day of the month of May, in one of the remote islands of the Sunderban. Now a world heritage site, the college stood as the sole torch bearer of higher education among the local tribals, caste Hindus and minorities. Riziculture & Pisciculture in the river 'Betni' is the primary occupation for most of the poverty stricken families of the island, especially after the devastating ALA cyclone.

Today as the college enters its 34th year; it looks back to a nostalgic past starting with only 47 students often hailing from first generation learner families till date, it has traversed a long way. Struggling against all odds, both natural and material, persisting even today the college tries to prepare itself for a challenging future.

Formerly the college was affiliated to the University of Calcutta, now it is under the West Bengal State University, Barasat. This Government Aided college has received both 2f & 12b affiliation from the University Grants Commission.

- To ensure the security of the campus a boundary wall had been constructed.
- Installation of CC Cameras to ensure security of the campus.
- The college has a big play ground within a vast campus with an area measuring 14.54 acres.
- Both the laboratories Geography & Computer Science are well equipped with such modern equipments such as LCD projectors, arrangement for GSI training and the like.
