REPORT

Name of the programme: Community Managed Sustainable Agriculture Practice and Importance of Kitchen Garden

Organised by : Welfare Cell, Kalinagar Mahavidyalaya.

Date : 30/06/2022

Place : Multipurpose Cyclone Shelter, Ghoshpur.

Introduction: Sustainable agriculture is an integrated system of plant and animal production practices having a site specific application which satisfies human need without the adverse effect on environment.

Keeping in view the importance of the sustainable agriculture and kitchen garden welfare cell of our college has organised the said programme at Multipurpose Cyclone Shelter, Ghoshpur.

The objectives of the said programme are as follows.

1) Promote Sustainable Farming:

Encourage the adoption of sustainable agricultural techniques that enhance soil health, reduce chemical usage and conserve natural resources.

2) Raise Awareness:

Educate community members about the importance of self-sufficiency and the benefits of growing their own foods.

3) Empower Communities:

Equip communities with the knowledge and skill required to establish and maintain kitchen garden.

Programme Descriptions and Key Points:

Two resource persons namely Mr. Sudip Choudhury, Agricultural Development Assistant of Sandeshkhali Block (1) and Mr. Chinmoy Mukherjee, Team leader of Gaighata WBDRLM (Anandadhara Project) delivered the lectures. The resource persons meticulously describe the need and importance of sustainable agriculture and kitchen garden in front of the students and villagers. More than 115 students, teachers and some villagers attended the seminar. Villagers raised some relevant questions regarding the actual problem of sustainable agriculture and kitchen garden in this particular region. Experts answered all the questions and helped them to understand.

Conclusion:

It was really a fruitful programme from the students and villagers point of view. This is because of the fact that they learned much more about the economic benefits of kitchen garden which certainly helped them to solve monetary problem of their family partially and maintain their healthier lifestyle also.
