A Workshop on Handling Academic Integrity: Tools and Techniques, 26th
June, 2021

The screenshot shows a Zoom meeting interface. The main window displays a slide with the following text:

Having academic integrity is important for several reasons.

- First, having academic integrity means that others can trust you. Additionally, trust is one of the key characteristics of a successful academician/leader.
- Second, having academic integrity is important because it provides value to your degree. Employers prefer to hire graduates whom they believe to have high personal integrity.
- Thirdly, having academic integrity is important because it can offer you peace of mind knowing that you believe in doing the right thing.
