## REPORT ON SEMINAR

**Subject/ Caption of Seminar: Living with Snakes : A Pleasure or Pain**

**Organized by : Department of Geography**

**Speaker : Dr. Chandan Surabhi Das**

**Date : 27.08.2022**

---

### **Introduction:**

Snake biting an important and problem in rural Bengal. But it is an extremely crucial problem in the Sundarban region. Here, causes of the this problem lie in its physical landscape, i.e. riverine tract and extensive forest area. Every year hundreds of villagers die in snake biting. To aware the students about this serious problem, Department of Geography organized a seminar regarding the said problem on 27<sup>th</sup> August, 2022. The caption of the seminar was " Living with Snake : A Pleasure or Pain". Dr. Chandan Surabhi Das , Associate Professor, Department of Geography, Barasat Govt. College was hon'ble speaker.

### **Description:**

In the seminar Dr. Das categorically explained the various kinds of snakes found in the area, how to identify the poisonous snake, properties of venom, role of snake for sustaining ecosystem, various taboos of common people about snake and finally, how do we live with the snake not disturbing each other. He alerted the students about the mischievous role of *Ojha* regarding the snake bite in rural Bengal.

More than 80 students of different disciplines and teachers attended the seminar. Students interacted with the speaker regarding the various aspects of snake bite and got satisfactory response from speakers end. In this respect, it was a really fruitful programme in the true sense of the term.

### **Conclusion :**

West Bengal possesses 1<sup>st</sup> rank in snake biting in our country and Sundarban region possesses 1<sup>st</sup> rank among all the regions in West Bengal. Its riverine location aggravates the problem. In this respect this seminar has been extremely beneficial to the students.
